From the President

Dear Friends and Supporters,

The Bay Area is disaster prone. For those of us who call this region home, there is a significant possibility that we will be faced with the immediate effects of a natural disaster or the ramifications of the aftermath. If our homes are not negatively impacted by spreading wildfire, rising flood waters, or the movement of the ground beneath our feet – there is a high likelihood that we will be dealing with temporary evacuations, loss of power, or road closures.

Darren LaShelle
President and CEO

NorCal Public Media is proud to be working with the Sonoma County Department of Emergency Management under a grant from the Federal Emergency Management Agency (FEMA) to produce the five-part multimedia series *Prepare Yourself!* Over the next five months, you'll learn how to get your family and home ready to deal with natural disasters. Experts share helpful hints and checklists, along with a series of fun skits, songs, and memorable moments.

Join us for our first episode (see page 5) this month. When we are all prepared, our community can survive and thrive together.

Prepare Yourself!

Monday, May 29, 2023 at 9 pm

NorCal Public Media is proud to present the first episode of a five-part series called *Prepare Yourself!* Together with the Sonoma County Department of Emergency Management, the U.S. Department of Homeland Security, and FEMA (the Federal Emergency Management Agency), NorCal has designed this series to give common sense advice about preparing for a natural disaster. The first episode centers on what you

can do to protect yourself and your family in the aftermath of a flood emergency. Over the coming months, programs will feature information about Earthquakes and Tsunamis, Wildfires, and Neighborhood Preparedness.

This innovative series takes a unique approach to disaster preparation, with clever satire, entertaining skits, and original music. The programs draw inspiration from popular culture, media references, and sketch comedy. *Prepare Yourself!* is not your typical public television program. Our hosts guide you through a half-hour of memorable moments that have fun, yet relay important information about home emergency kits, go-bag readiness, property protection, and how neighbors and communities can help each other during emergencies and evacuations. Tune in. Learn some great information. Have fun. And most importantly of all – *Prepare Yourself!*

Bay Area Bountiful: Living with Climate Change – Heads Above Water

On this edition of *Bay Area Bountiful* We see how SF Bay communities are beginning to prepare for sea level rise with a look at the newly begun South Shoreline Project to protect low-lying neighborhoods; we hear from ocean scientists who are at work regrowing massive kelp forests that could sequester thousands of tons of carbon dioxide; and we visit a Pasadena start-up developing seawater technology that may pull gigatons of carbon dioxide out of the atmosphere.

Crazy

Thursday, May 4 at 8 pm on KPJK TV

Crazy follows Eric, a diagnosed schizophrenic, faced with a critical choice – whether to comply with traditional mental health treatment or follow his own path to wellness. The documentary looks at involuntary treatment and explores the bigger issues and questions raised by this very personal experience.

Medicating Normal

Thursday, May 11 at 8 pm on KPJK TV

Follows the stories of five people whose doctors prescribed psychiatric drugs to help with familiar problems such as stress, mild depression, sleeplessness, grief, etc. This is the untold story of the very serious consequences that can occur when profit-driven medicine intersects with human beings in distress.

Unconditional: Healing Hidden Wounds

Thursday, May 18 at 8 am on KPJK TV

A revealing documentary about the home healthcare crisis of mental wellness. Mental health issues and questions of emotional wellness challenge some 50 million family caregivers each year, and often they do not know it.

Orchestrating Change

Thursday, May 25 at 8 pm on KPJK TV

The inspiring story of the Me 2 Orchestra, the only classical music organization in the world created by and for people with mental illness. One concert at a time, across New England, the orchestra is combating stigmas about mental illness, dispelling stereotypes, and demonstrating what people with mental illness can accomplish while working together.
